

HEARR Lease – Yancey Community Center

Public Hearing

Bill Strother

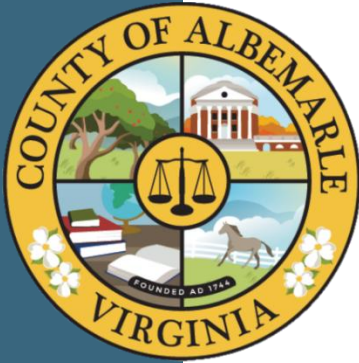

Deputy Director of Operations - FES

Bstrother@albemarle.org

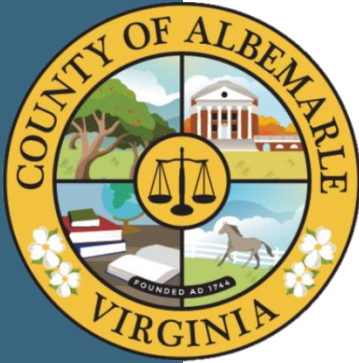

Yancey Community Center Lease Space

- In March 2018 the Board of Supervisors adopted a use framework that provides for public entities, community partners and human service-oriented non profits to occupy space within the community center.
- Current agency partners within Yancey include
 - JABA
 - Virginia Department of Health
 - Food Pantry
 - Community Center and Recreational activities

Health Equity and Access in Rural Regions (HEARR)

- Mission: Working Toward Healthier and Happier Lives in Our Rural Communities.
- Vision: Create resilient, sustainable foundations for rural health equity through collaboration, education, and resource accessibility.

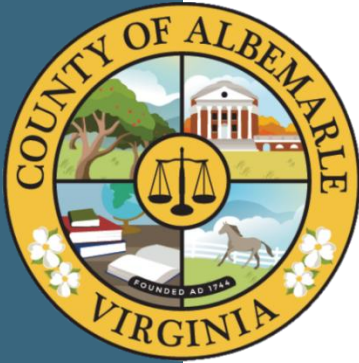

Organizational Overview

HEARR is a 501(c)(3) nonprofit established in 2018.

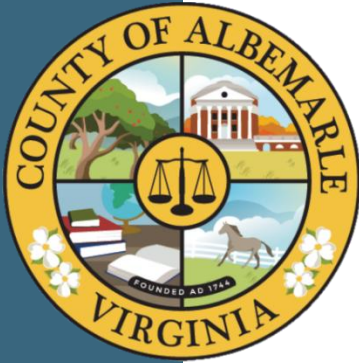

Governed by a six-member volunteer board and ten community liaisons.

Serves residents within a 10–15 mile radius of Scottsville.

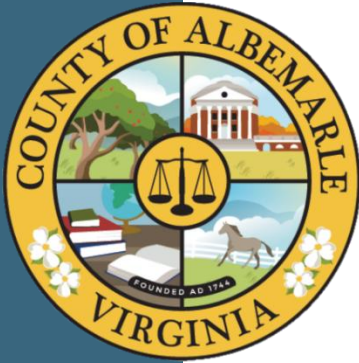

Key Activities

- Community Engagement & Education
- Program Development & Collaboration
- Resource Access

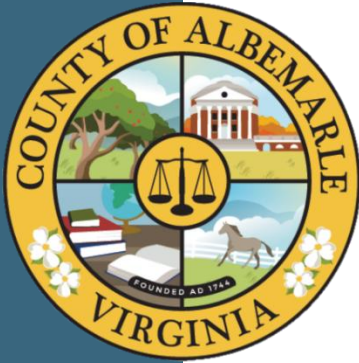

Partnerships

- Blue Ridge Health District
- Jefferson Area Board for Aging
- Central Virginia Health Services
- UVA Health System
- Sentara MJH, WellAware
- and other community organizations

Space Needs and Availability

- The program is requesting space to accommodate material storage, meeting and office workspace. The community center has sufficient space available and capable of meeting this need in one of the 946sqft vacant classroom trailers.
- For this community agency partner this space would be provided at no charge.

This request is in line with the goals set forth by the board in the 2018 use framework of the Yancey Community Center

Staff recommends the Board adopt the resolution authorizing the County Executive to sign a proposed lease agreement
